

Arosa, January 21st 2009

Message to Davos

Dear Mr. Schwab,

From January 18th till 21st the **6th WSF World Spirit Forum** has had happened in Arosa. Under the theme of „**Discovering Soul**“ about fifty Contributors have had the possibility to (re)discover and to experience and to reflect upon the inner power of the soul in a 4 days process.

In a ritual there were written down the impressions of this mindful, spiritual work.

Some of the written pieces had been sent into the world with balloons together with this letter you are reading now.

In the tradition of the 4th forum day we enclosed you and all participants of the WEF, in our final Meditation in order to send you good thoughts and to wish you strength and success for your work and the forum.

With cordially greetings from Arosa. On behalf of the whole WSF Team and all Contributors of the 6th WSF 2009.

Sesto G. Castagnoli
WSF President
